Re : Data Analyst Req ID:0000041429

Dear Hiring Manager,

I am very interested in the Data Analyst Intern position that you have advertised on Indeed. I have an Advanced College Diploma in Applied Artificial Intelligence with more than 3 years of experience which will allow me to significantly contribute to the productivity and quality of RBC's IT division

As a current student at George Brown College, I've gained excellent hands-on experience with wide range of machine learning algorithms, including supervised learning, unsupervised learning, deep learning, reinforcement learning, data preprocessing techniques such as cleaning, normalization, and feature engineering.The college experience allowed me to learn important skills and to develop the confidence needed to succeed in a competitive environment. I have a strong understanding of software development methodologies, and have experience working on both individual and team projects. Additionally, I have experience with TensorFlow, Keras, scikit-learn, PyTorch, pandas and NumPy. I am also familiar with AWS, Django, and OpenCv. In addition, I have worked with IT companies. Their, I was responsible for designing, developing, and maintaining software applications for a variety of clients. I have also played a key role in identifying and implementing new technologies to improve the performance of our software.

Thank you for your time and consideration, I look forward to hearing from you to set up a time for an interview. It would be mutually beneficial for us to meet and discuss the goals of your company and how my technical abilities can help you achieve those goals. Please feel free to contact me at (905) 782-7351 or at kirti.takrani@georgebrown.ca

Sincerely,
Kirti Takrani
